-(1)-(2)-(3)

Introduction

Congratulations on your purchase of Not2Order, this quick start guide helps you set up the new software. If you need support, look at our more <u>extensive</u> <u>manual</u>, check our <u>Installation and Development help section</u> or let us take care of installing Not2Order or integrating Not2Order to your theme by <u>purchasing development hours</u>.

Installation

- ① Go to your Magento Connect Manager
- 2 Upload the Not2Order connect installation zip and press upload
- ③ Wait until the installation is finished and press "Refresh"
- 4 Return to Admin

2 Configure a product

⊘-2-3

Configure a product

- ① Go to the general settings of a product
- 2 Set "Allow to Order Mode" to "No" to hide the order button for the product
- 3 Go to "Prices"
- Set "Hide Price" to "Yes" to hide the price of the product and save. Now check the product in the front-end
